

Online training for the swine production

Learning Outcomes :

- Build a sound heard health management and disease prevention plan
- Build a library of information that you can refer to when need assistance
- Build basic diagnostic skills
- Timely identify various disease symptoms
- Learn about health and disease challenges that you will most likely encounter and how to mitigate them
- Identity potential areas that will help maximum the quality and profitability of the farm

Intensive Online Training Video and Assessment Tests

On-Demand Access
(3 Months Unlimited Access)

Receive a Certificate of Completion

About Us

The Online Swine Training International School (OSTIS) provides every participant with up-to-date practical learning experiences and vital information in a wide range of technical topics that are essential to succeeding in today's pig production industry.

3 Learning Modules

1st Module

2nd Module

3rd Module

SWINE HEALTH

SWINE NUTRITION

SWINE FARMING AND PRODUCTION

Start from
\$450
per Module

AN OVERVIEW OF MODULE 2 Swine Nutrition

LESSON 1

BASICS OF SWINE NUTRITION

- Topic 1.1 : Nutritional Basics
- Topic 1.2 : Gastrointestinal Physiology and Nutrition Terms
- Topic 1.3 : Ideal Protein Concept and Requirement Titration
- Topic 1.4 : Fats and Oils
- Topic 1.5 : Disinfectants and principles of disinfection
- Topic 1.6 : Feed Formulation
- Topic 1.7 : Minimizing the uses of drugs and antibiotics in Pig Production
- Topic 1.8 : Biosecurity as relates to feed
- Topic 1.9 : Vitamin Nutrition for Optimal Swine Production

LESSON 2

PIGLET NUTRITION

- Topic 2.1 : Nutritional Progression and the Stress of Weaning
- Topic 2.2 : Aspects of Diet Formulation and Specifications
- Topic 2.3 : Physical processing and feeding Management
- Topic 2.4 : Common Problems and Performance Standards

LESSON 3

APPLIED ASPECT OF GROWER/FINISHER PIG NUTRITION

- Topic 3.1 : Growth Characteristics
- Topic 3.2 : Ideal Protein- Energy Delivery and Utilization
- Topic 3.3 : Defining Nutrient Requirements
- Topic 3.4 : Technologies to Improve Energetic Efficiency
- Topic 3.5 : Common Problems, Causes and Solutions

LESSON 4

FEEDING BREEDER PIGS FOR HIGH PERFORMANCE

- Topic 4.1 : Sow productivity
- Topic 4.2 : Key Stages of production
- Topic 4.3 : Practical Aspects of Diet Formulation
- Topic 4.4 : Common Problems and Strategies to Resolve
- Topic 4.5 : Current Innovations

Who Should Attend ?

- Beginner or Veterans Swine Farmers
- Commercial Swine farm staffs
- Technical Sale person or professionals related to swine production

\$480 per Module
